About us

Ambe Phytoextracts is engaged in the business of research, development, manufacture and supply of standardized and innovative ingredients for more than a decade now. Nestled in the lap of Himalayas, our manufacturing units are spread over a combined area of over 2,00,000 sq. ft. and in-house state-of-the-art facilities including a DSIR approved R&D and quality testing lab.

Quality

Our products are non-GMO, non-ETO treated, non-irradiated and comply with major international regulations, enabling us to supply to leading companies across the globe.

Expertise

Our expertise is in Bio-actives. At Ambe we work with over 60 different Bio-actives, including some rare ones, to create ingredients that are efficacious and safe.
